

IDOWU STEPHEN

Web Developer | Frontend Developer

Lagos, Nigeria · 08103383243 · stephen17@gmail.com · [Portfolio](#)

PROFILE

Web Developer with hands-on experience building responsive, modern websites for real-world businesses. Skilled in React, JavaScript, TypeScript, HTML, CSS, and Tailwind CSS, with practical experience developing interactive interfaces, integrating third-party services, and deploying production-ready websites. Strong focus on creating clean, responsive user experiences while continuously developing technical skills through independent learning, research, and practical projects.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), TypeScript, HTML5, CSS3

Frontend: React, Next.js, React Native, Tailwind CSS

Libraries: Framer Motion, GSAP, Recharts, Embla Carousel

Other: Responsive Design, API Integration, UI Implementation

Tools: VS Code

EXPERIENCE

Independent Web Developer | 2025 – Present

- Design and develop responsive websites and web applications for real-world business needs.
- Build interactive, user-focused interfaces using modern frontend technologies.
- Integrate services such as WhatsApp and EmailJS to support business workflows.
- Handle projects from development and testing through deployment and refinement.
- Continuously improve technical skills through self-directed learning and practical development.

SELECTED PROJECTS

Wonders Scents — Luxury Fragrance Store

React · TypeScript · Vite

- Built a responsive digital storefront with fragrance search, category filtering, product details, and bottle-size selection.
- Developed an interactive shopping cart that converts orders into formatted WhatsApp messages.
- Implemented fragrance note pyramids and a mobile-first interface optimized for fast browsing.
